a) Definitions:

1) Grievance: A written claim by a teacher, group of teachers or the Association signed by the grievant that a dispute or disagreement exists involving interpretation or application of the terms of this agreement, or of an existing Board rule, policy or that an employee has been treated unfairly or that there exists a condition, which jeopardizes employee health or safety.

In no case shall a grievance be valid if not filed within 30 business days of the act that gave rise to the grievance.

2) Except by mutual agreement, failure by the employer at any step to communicate a decision within the specified time limit shall permit the grievant to proceed to the next level. - b) Each teacher shall be granted ten (10) work day equivalents of sick leave each year, with an unlimited total accumulation possible. When sick leave benefits have been exhausted, deductions from salary for each day of absence shall be computed as a day's pay as indicated by the teacher's contract.
- c) In the event that a state cap be put on this benefit, the number of allowable accumulated days will be adjusted to that cap.

The measures included within the Professional Practice portion of the evaluation shall include a minimum of two (2) documented observations annually, with at least one (1) observations being completed by January 1 of each year. The final evaluation will be completed by June 1st of each year. In

situations where certificated personnel are unavailable for two (2) documented classroom observations due to situations such as long-term illness, late year hire, etc., one (1) documented classroom observation is acceptable.

Upon completion of a formal observation by an administrator, the administrator will provide written feedback to the teacher within five (5) school days, and complete a personal conference with the teacher within ten (10) school days following the observation.

11.2 Administration Evaluation: Written comments from teachers regarding site administrators shall be submitted to the Superintendent. These written comments may be considered by the Superintendent in a site administrator’s evaluation, and may be forwarded to the School Board as evidence in the event of a due process hearing. Teachers will follow the chain of command prior to submitting written comments to the Superintendent. The Superintendent shall, in return, give a written response acknowledging receipt and consideration of such written comments to each teacher supplying same.

ARTICLE XII - PROFESSIONAL COMPENSATION

12.1a. Teachers shall be paid according to the current salary schedules that are attached to this contract as Appendixes A1 and A2. The District will pay Step and Lane increases for the 2018-19 school year. Request for Lane change must be submitted in writing to the District Office by 4:00 PM September 13, 2018.

12.1b All new hires will be placed on the 2009 State Salary Schedule (Appendix A2) starting the 2009-2010 school year. Current teachers may move to the 2009 State Salary Schedule (Appendix A2) if they choose, and must notify the district office in writing by October 24th for the 2008/09 school year, and prior to September 15th thereafter. Once a teacher is placed on the 2009 State Salary Schedule (Appendix A2), the teacher is not allowed to move back to the district salary schedule (Appendix A1).

12.2 Part-time certified staff salary and preparation time shall be determined by using the following mathematical formulas:

Grades K-5: fraction of the day teaching (x) salary schedule for full-time teacher = salary
 Grades K-5 preparation time: fraction of the day teaching (x) 40 = minutes of preparation time
 Grades 6-12 ratio:

K-5: fraction of day x salary schedule for full time teacher

$$6-12: \left[\frac{\#class\ periods\ taught + \frac{\#class\ periods\ taught}{(\#class\ periods - 1)}}{\#periods\ in\ a\ day} \right] \times \text{salary\ schedule}$$

Grades 6-12 salary: Ratio as calculated above (x) salary schedule for full-time teacher = salary
 Grades 6-12 preparation time: Ratio as calculated above (x) minutes in one full class period = prep minutes (Above rounded to the nearest hundredth.) Starting in the year 2018-19 any part-time teacher that was previously under the language of nearest tenth will maintain that unless their fraction of the day teaching changes, then they will go to the nearest hundredth.

12.3 Extra Classes: Teachers will be assigned to extra classes only when the need of students dictates such, and the teacher so affected will be consulted and apprised of the situation, at which time the administration will make its recommendation subject to Board approval. The teacher so assigned shall be paid an hourly rate equal to their contracted rate. This hourly rate will be computed by the number of days of the standard teacher's contract, the workday as set forth in 8.2 of the Master Agreement, and where they would fall on the salary schedule. Preparation time will be prorated as to the number of classes taught according the formula in 12.2 of the Master Agreement.

12.4 Extra Duty Pay:

- a) Pay for additional activities will be in accordance with the attached Extra Duty Salary Schedule found in Appendix B.

- b) No agreement for additional compensation shall be entered into by a teacher without the issuance of a Supplemental Contract outlining the specific duties to which the teacher agrees and the compensation the District agrees to pay for those duties, excluding any compensation paid on Game Worker's Pay form.
- c) Professional Development compensation must be submitted by the building Administrator as the Special Activity Request, with each participating teacher signing the request as having attended at the compensation rate specified on the Special Activity Request.

12.5 Special Classes: Other teachers teaching additional special classes or conducting District-wide responsibilities will receive salary increases according to the extra time required or special skills utilized as determined by the Board.

12.6 Initial Placement: Initial placement on the salary schedule will be limited to a maximum of seven (7) years experience outside the District. Said placement shall not occur retroactively to those teachers already employed.

12.7 Credit Advancement on the Salary Schedule: All credits earned beyond the granting of a B.A./B.S. and initial teaching certificate shall be used to advance across the salary schedule. All credits earned must be certified college units. At least three (3) of these units per horizontal step shall be in the teacher's major or minor field, or pertain directly to their professional growth.

12.8 Payroll Deduction: The District agrees to deduct from the salary of any teacher such monies authorized, in writing, by the teacher for payment of approved pre-taxed programs, savings bonds, or other investment programs selected by the teacher providing at least 12 District teachers participate in each program. Annual or monthly administrative fees will be paid by the participant(s). The Association indemnifies the District against any possible financial responsibility.

12.9 Reimbursement for Credits for Recertification: The Board will establish a fund, depositing \$1,500 each year, for reimbursement of graduate credits in endorsed areas documented by college transcript. Each teacher, upon recertification, will be reimbursed at \$25.00 per credit (for 6 credits) until the budgeted amount is depleted. In the event that the legislature or State Department of Education, or District Superintendent mandates particular courses, those courses will qualify for reimbursement first.

ARTICLE XIII - TRANSFERS AND VACANCIES

13.1 Vacancies: When a certified position is officially declared open by the administration, a notice of the opening will be posted in the teachers' workrooms of the respective schools.

13.2 Applications: Any teacher within the District desiring to fill an open position is encouraged to apply for the position assuming he or she is qualified pursuant to the District employment policies. The teacher desiring a transfer to another building or within a building to an open position shall file a written request with the Superintendent as soon as possible after the teacher becomes aware of the opening. If a transfer is to be made, the teacher and the administrators concerned will be notified in writing of the new assignment as soon as the decision is made. Qualified personnel in the District shall be given first preference for new openings when they are judged equally qualified with non-district employee candidates. A letter of explanation will be sent to any unsuccessful in-district certificated candidate. The final determination rests with the administration and the School Board.

13.3 In-House Transfers: In the best interest of the students in the school, a change in teaching positions from one school to another or within a school may be initiated and carried out by the Superintendent. A request for a transfer may be made by a certified teacher or by a building principal. All transfers are subject to the approval of the Superintendent and final approval by the Board.

13.4 Involuntary Transfers: When a transfer due to staff need changes is necessary, the teacher so affected will be apprised in conference and in writing of the reasons why such a transfer is in order. The teacher, if dissatisfied with the transfer, may resort to the District grievance procedure.

13.5 Right to Apply and Transfer Information: Nothing in these articles shall prevent a teacher from requesting a transfer at any time. All information on transfers and staff placement is available in School Board minutes.

13.6 Teacher Relocation: A teacher shall receive written or verbal notice of relocation (physically moving locations) or reassignment (change in subjects being taught) within five (5) work days prior to the first teacher work day of a new school year. If notification is given after that date, a maximum of two (2) days planning time to affect such change shall be granted at the discretion of the Superintendent. Planning time is defined as the time spent in the District affecting the change. If release time is unavailable, the teacher shall receive two (2) days per diem pay at their hourly rate. These two days shall not be construed to be the two calendar workdays at the beginning or ending of the school year. This paragraph does not pertain to teachers who voluntarily request relocation or reassignment.

ARTICLE XIV - MISCELLANEOUS PROVISIONS
